* Set menus are recommended for large reservations, particularly on Fri/Sat nights, as it assists us to provide a quicker and more reliable service as opposed to large reservations ordering off the menu. However, we at *FGK* do not enforce our customers to take up these options and rather encourage them to, and if they chose not to, we appreciate their patience as each meal is made to order, and at times we have a large volume of orders in a short space of time!

*Functions do not necessarily guarantee exclusive use of the premises
